2018 Annual Report

Jefferson Rural Fire Protection District Jefferson * Millersburg * Talbot

"Proudly Serving Since 1956"

Services We Provide

The Jefferson Rural Fire Protection District provides fire and emergency services for a population of approximately **9,500 people** in a rural area of the Willamette Valley. The district includes three fire stations and depends on volunteers and part-time ambulance crews to respond on emergency calls.

The Jefferson Rural Fire Protection District was formed in 1956 and the district covers approximately **97 square miles** that includes the City of Jefferson, rural areas of Millersburg, Talbot, and Ambulance Service Area (ASA), which includes five square miles in the Scio Fire District area. The district covers a total of 31 miles of river which includes the North and South forks of the Santiam River, and the Willamette River. There are two railroad systems and approximately 10 miles of Interstate 5. The district lay of the land is diverse in the sense that there are rural areas in Jefferson. Many houses and subdivisions located in the more rural areas are nestled in heavily wooded hillsides and steep terrain.

Emergency services provided include fire suppression, emergency medical services, ambulance transportation, water rescue, hazardous materials response, fire prevention, fire safety education, and health education on injury and illness prevention.

The Jefferson Fire District provides services beyond fire and EMS. We have a medical equipment loan program, a life jacket loan station, chimney brush loan program, monthly birthday lunch at Clover Ridge and Jefferson Elementary Schools, birthday party at the station, First Aid/CPR Instruction, Bike Helmet Program, Notary Service, Blood Pressure Checks, Fire Prevention Programs, Smoke Detector Program, Trunk and Treat, AARP Safe Driving Classes, Babysitting Class, and address signs. The Jefferson Volunteer Association has programs such as two pancake breakfasts a year, Fill the Boot (MDA), and the Holiday Food Drive (which includes the Haunted House).

There are three fire stations within the district which are located in Jefferson, Millersburg, and Talbot and are primarily staffed with volunteers. The volunteers are people of good character and are willing to go through an extensive training program in order to serve as a member of the Jefferson Fire District. People interested in volunteering should contact the Fire District office. District personnel includes the Fire Chief (part-time), Assistant Chief, Training/Maintenance Officer, Logistics Supervisor, Administrative Assistant, part-time Staff Assistant and approximately 26 volunteer firefighters, 20 volunteer EMT/EMR personnel, eight Support Team members, 16 part-time paramedics, and 11 part-time EMTs.

There are a total of four fire engines (that carry 1,000 gallons), one 3,000 gallon water tender and two 2,500 gallon multi-use tenders, two brush fire pick-ups, one light duty rescue, two ambulances, one rescue boat, one command unit, and one support unit currently in service at the three stations.

Financial Information

An annual financial audit provides the district and the public with an accounting of the Fire District's finances. The district operates on a cash basis and the audit is based on an accrual basis. We are proud to report that the audit indicated we have no instances of noncompliance. The Budget Committee Members are as follows: Bud Jones, Eileen Vetter, Roger Frank, Vince Cellerini, and Ray Edwards. The Budget Officer is Fire Chief Kevin Hendricks.

Fund	2017-18 Budget
General Fund	\$1,289,468

Stats

The Jefferson Fire District responded to a total of 1,239 calls for service in 2018. These consisted of fires, medical emergencies, water rescues, motor-vehicle crashes, etc. The district's population has grown, increasing our customer base.

Most responses 661 (53%) are for medical emergencies. The district was called to 22 (2%) structure fires during 2018.

Since 2008 the district has been on a steady increase for calls for service.

Emergency responses vary by month. Summer months are busier due to wildland fires and recreational activities. Winter months bring more incidents involving heating equipment and poor road conditions.

Stats Continued

Most emergencies occur on Tuesdays and Fridays. The busiest period of the day for emergencies is 1:00 p.m. to 7:00 p.m.

Emergency Medical Services

The Jefferson Fire District provides medical transport services to both Linn and Marion Counties within the 97 square miles of district boundaries and about five square miles in the Scio Fire District. Assistant Chief Scott Shepherd is responsible for the financial management and managing of the ambulance service. Stephanie McClung oversees billing, equipment repair and supplies for the ambulance service and training.

The Emergency Medical Division is the busiest schedule of the district handling 60% of the incidents (including MVCs). To provide the service, the district uses one full time paramedic, as well as part time paramedics and part time EMTs to cover the first out medic unit 24 hours a day, seven days a week. The second out medic is covered by full time and volunteer paramedics and EMTs when available. The district has mutual aid agreements with neighboring ambulance services when our units are not available. Firefighters are trained to the EMR level or higher to provide care in conjunction with the medic crew or as first response when the medic unit is delayed. The medic units are also assigned to other incident types to provide manpower and/or oversee the health of the firefighters working.

There were 728 medical emergencies (including motor vehicle injury accidents) in 2018, compared to 831 medical emergencies (including motor vehicle injury accidents) in 2017. Jefferson Fire District transported 495 patients in 2018 compared to 534 patients to a hospital in 2017.

FireMed is a membership program offered by the Jefferson Fire District that provides affordable quality ambulance service. There are over 800 members currently enrolled in the FireMed program. The fees received from FireMed help provide advanced EMS training, supplies, and emergency medical equipment.
